At HUSQVARNA VIKING®, we're only a sewing company. Our sole focus is to put the joy of sewing and unlimited creativity into the enthusiast sewer's hands. That's why we developed the new DESIGNER EPIC™ - a machine thoughtfully created for you.

With over 100 new and improved features, 35 best-in-class features and 30 features that no other top of the line machine has - you will be able to fulfill your greatest creative ambitions and achieve expert-level results with ease like never before.

FIRST AND ONLY

Achieve expert results regardless of skill level

CUSTOMIZE ANY IDEA WITH EASE

The first and only interactive tablet-like screen* so that you can swipe, pinch, zoom, rotate, or multiply designs easily - just like on any tablet or smartphone of today.

GUIDANCE IN EVERY STEP FOR THE BEST RESULTS JoyOS ADVISOR

With more than 120 animated and illustrated step-by-step tutorials, the JoyOS ADVISOR™ feature is like having sewing classes right in your machine. With the expert advice from the tutorials, you can accomplish professional results with the greatest of ease - regardless of skill level.

Choose among fabric type and the wide selection of available techniques. The JoyOS ADVISOR™ feature will instantly set the best stitch, stitch width, stitch length, thread tension, thread portioning and presser foot pressure for the technique you've chosen.

*Made for sewing and embroidery machines

FIRST AND ONLY

Be creative from Anywhere

mySewnet™

ENJOY YOUR CREATIVITY FROM ANYWHERE

Your creativity doesn't have to be limited to your location. With the new mySewnet™ Cloud storage, you can easily transfer your embroidery designs to, and from your machine - anywhere and on any connected device. Store and access your designs on the go, for creativity where ever you are.

STAY UPDATED ON YOUR EMBROIDERY

With the DESIGNER EPIC™ machine you'll receive instant updates on how your embroidery is proceeding through our new mySewMonitor App.

AUTOMATIC MACHINE SOFTWARE UPDATES

The WiFi enables automatic machine updates, making sure your sewing and embroidery machine is up-to-date at all times.

Bigger, brighter and better than ever before

ROOM WITH A VIEW

The DESIGNER EPIC™ sewing and embroidery machine has the best viewing angle and most room* for your hands, enabling even the largest projects to be sewn with ease.

LIVE IT UP WITH THE LARGEST HOOPS

Create larger embroideries than ever before! The largest* embroidery area on the market, both among non-turnable, and turnable hoops - up to 360x260mm, and 360x350 with the optional DESIGNER™ Majestic Hoop.

MAXIMIZED SPACE

With over 12.2" (310mm) from needle to tower and 5.5" (140mm) height in the work area, the DESIGNER EPIC™ model has the largest work area among any top-of-the-line machines on the market. It is also the lightest sewing and embroidery machine in its class.*

Great space even for your accessories.

EFFORTLESS EMBROIDERY

Achieve more beautiful embroidery than ever, even with challenging metallic threads. Thanks to the industry-first *deLuxe*™ Stitch System you get gorgeous stitch results on both sides, regardless of the fabric type.

30% LARGER BOBBIN

The DESIGNER EPIC™ machine has a 30% larger bobbin than our previous machines, enabling you to do more sewing and embroidering before it's time to change your bobbin.

Embroidery result with:

Original bobbin.

DESIGNER EPIC™ bobbin.

So advanced, yet so easy to use

PERFECT EVEN FEEDING

The EXCLUSIVE SENSOR SYSTEM™ technology automatically and continuously senses and adjusts for any fabric thickness – resulting in a perfect even feed.

IT'S THE DETAILS THAT COUNT

The new thread paths with telescopic thread guides allow you to use all of your favorite threads, even if they are on larger spools. Bobbin winding is more convenient then ever.

LIGHT UP YOUR WORLD

With the brightest*, most even LED-lights on the market, you can achieve the best result – at any time, night or day.

FIND YOUR PERSONAL EXPRESSION

Discover world class unique stitch techniques for more creative opportunities. One of them is the brand new patented Sequin Stitches, which are programmed with a stop that allows you to easily add a sequin, and then continue to sew.

HASSLE-FREE THREADING - EVERY TIME

With one touch of a button your needle is threaded and ready to sew with the built-in fully automatic needle threader.

A smart machine made for any fabric and any project

OPTIMIZED FOR GORGEOUS LOOKING EMBROIDERIES

Thanks to the *deLuxe*™ Stitch System you will spend less time and effort on machine adjustments. The Thread Portioning feeds the optimum amount of thread for each stitch, no matter what thread type or fabric thickness. Achieve the high quality results you've always wanted, regardless of fabric and thread type even with metallic, sliver or other specialty threads. Beautiful stitch results on both sides of the fabric.

EXPERT RESULTS

The DESIGNER EPIC™ machine adapts everything to your fabric's specifications. And with the EXCLUSIVE SENSOR SYSTEM™ technology you can expect expert-level results - on any fabric. This unique technology automatically and continuously senses and adjusts to any thickness of fabric for perfect, even feeding as you sew:

- **Sensor Foot Lift:** Presser foot lowers and raises automatically for every sewing technique.
- **Sensor Foot Pivot:** Automatic float position with needle down for instant pivoting, easy appliqué and quilting.
- **Sensor Foot Pressure:** The Presser Foot continuously senses the thickness of the fabric and automatically adjusts the presser foot pressure, for even feeding on all fabric types.
